

Tired of Being Alone (Tonekind Radio Mix)

Schiller & Tarja Turunen

Once, you dreamed of me
Twice, you wished that i'd pull you out
let me be the one
please understand me
how i am
you chose your life, and put me down
still you don't understand
Tired of being alonewhat you have dreamed
is not what i am
so far
let me be the one
please understand me
how i am
but i don't want, to walk alone
I need your hands to warm my soul
Tired of being alone
Tired of being alone
I will do my best
to become your love
I'll try
to fill the emptyness
in our hearts
oh so tired of being aloneTired of being alone
I want to feel, I need to fall in love with you
Tired of being alone
