

Tired Of Waiting

The Trews

I am wired and fading
Looking blind and blaming
Following and trailing words
You might be saying I am tired of waiting
I'm tired of waiting
I am tired Altered expectations
Long anticipation
Everything is changing
I'm the same and aging I'm tired of waiting I am tired of waiting
I'm tired of waiting
I am tired I am tired of waiting
I'm tired of waiting
I am tired I am tired of the long way down So I stand
To let you down here alone
I can't seem to dream of you
No more I am tired of waiting
I'm tired of waiting
I am tired I am tired of waiting
I'm tired of waiting
I am tired I am tired of waiting
I'm tired of waiting
I am tired
...
