

# Finally Free

## Stitched Up Heart

Can you feel me around you?  
I am the blood inside your veins  
You taste me, you touch me  
I am the pain that takes you away I am finally free  
I've broken through the chains  
I have no fear, I'm wide awake  
You can't take this away  
I'm finally free (Wide awake) Can you breathe me inside you?  
I am the air that fills your lungs  
You can't see me but I see you  
I am the pain that takes you away I am finally free  
I've broken through the chains  
I have no fear, I'm wide awake  
You can't take this away  
I'm finally free Can you feel me? (Can you feel me?)  
Can you taste me? (Can you taste me?)  
Can you breathe me? (Breathe me, breathe me)  
I am the pain that takes you away I am finally free  
I've broken through the chains  
I have no fear, I'm wide awake  
You can't take this away  
I'm finally free I'm finally free  
I'm wide awake  
You can't take this away  
I'm finally free (I'm finally)  
(Wide awake)
