

# Incarnation Of Evil

## Dies Irae

You pray, you kneel  
    You worship  
    For thousands years  
You sacrificeI am the holy son  
    Created from the chaos  
    As the god of the race  
        Of human rats  
        As the heir of evil  
I rule on earthYou pray, my will  
    You sacrifice  
My will, my vanityAll energy and faith  
    All hassle and pain  
    Gaol in the garden  
        Legacy of sin, radiant sign  
Of incarnated evilYou pray, my will  
    You sacrifice  
My will, my vanityToppled sculpture  
    The godhead in ruins  
    Outflow of goodness  
        As my reprisal  
        Ruthless I am  
        And incarnation of evil
