Advisory - the following lyrics contain explicit language:

Aye, I'm still in this club, faded, smoking too
But I'm still staring at you, but I'm still staring at you
Standing in the club too long, faded, drinking too
But I'm still staring at you, but I'm still staring at you
Is it you, way out the sight still in them same old shoes
She like to get it in on the first night, we got the same old rules[Hook]
Iz dat you? Iz dat you?
Oh baby girl I know, cause baby girl it shows
Bring the pack and we can blow
Teach you everything I know
Iz dat you? Iz dat you? Iz dat you?[Verse 2]
Hey yo, I done pulled her once
Girl said I pulled her too
I'm in the middle of the floor but I'm still staring at you
I love the way you dance, you swear it ain't nothing new
Girl I'm tryna get you, and I'm tryna get right behind you[hook 2]
Aye, you remember how we use to do, how we use to play?
And I try to get you next to me, is that okay?
And why this club too pack, girl I'm tryna lay with you
And girl I know it's you, and girl you know it's true[Closing]
Iz dat you? Iz dat you
Iz dat you? Iz dat you
Iz dat you? Iz dat you
Aye, girl I still love the way you walk
Look them the same old shoes
A lot of women in this club, not one fucking with you
Iz dat you? Iz dat you
Iz dat you? Iz dat you
Iz dat you? Iz dat you
