I am sleeping with your best friend
How do you like me now?
How do you like me now?I am sleeping with your best friend
How do you like me now?
How do you like me now?[Chorus]
Come on, get drunk
You know you wanna
I am, you can
Won't tell no one about itIt's gonna be a ball
It's gonna be a ballI am lying, using again
Come on, it's gonna be a ball[Chorus]It's gonna be a ball
It's gonna be a ballCigarettes, Robotussin
Will I ever get to heaven?
CIgarettes, Robotussin
Will I ever get to heaven?It's not looking good now
It's not looking good nowCome on, get drunk
You know you wanna
Come on, get drunk
Get drunk
Get drunk
Get drunk
