

The Law

Kyuss

Darkness imprisoning me
Feeling that darkness in me
Me and it's you and I run over you
So let me be
Swing low into the blood off of me
Me and lie on the streets of law
Breaking down the road
So I'm bringing me down
Well in to the ground
No one sees me, and no one talks
'Cause we all know it to be mine
Me and lie on the streets of law
Breaking down the road
So I'm bringing me down
Well in to the ground
No one sees me, and no one talks
'Cause we all know it to be mine
Darkness imprisoning me
You've got to feel it
That darkness in me
Me and it's you and I run over you
So let me be
Swing low into the blood off of me
