Searching for a Heart

Warren Zevon

Darkness in the morning Shadows on the land

Certain individuals

Aren't sticking to the planAnd I'm searching for a heart

Searching everyone

They say love conquers all

You can't start it like a car

You can't stop it with a gunLeaving in the evening

Traveling at night

Staying inconspicuous

I'm staying out of sightAnd I'm searching for a heart

Searching everyone

They say love conquers all

You can't start it like a car

You can't stop it with a gunThey tell me love requires a little standing in line

And I've been waiting for you, lover, for a long, long time

I've been pacing the floor, I've been watching the door

Meanwhile I'll keep searching for a heartSearching high and low for you

Trying to track you down

Certain individuals

Have finally come aroundAnd I'm searching for a heart

Searching everyone

They say love conquers all

You can't start it like a car

You can't stop it with a gunThey tell me love requires a little standing in line

And I've been waiting for you, lover, for a long, long time

I've been pacing the floor I've been watching the door

Meanwhile I'll keep searching for a heartSearching everyone

They say love conquers all

You can't start it like a car

You can't stop it with a gunSearching for a heart

Searching for a heart
