We Want Our World Back

Resist

Itâ€™s not for sale,
We want our world back

We were the outcasts,
You pushed us down
Until we rose back up,
And stole the crown

Iâ€™d give anything to get your out,
This was our world
The underground, until you let it out
The mainstream has flowed in,
And polluted all that was ever pure to me

We want our world back,
Itâ€™s not for sale

Come on,
I want to hear you,
We want our world back
We want our world back
We want our world back
We want our world back
We want our world back
We want our world back
We want it, we want it fucking back

Youâ€™re selling something,
Thatâ€™s not yours to sell
Itâ€™s not for your shallow minds,
Itâ€™s not for your greedy hands
