# I'll Be

## Saga

Sometimes the voices are there just to tell us
What we want to here
Sometimes the choices we make are the ones
That we pray disappearBut I suppose that one would say
That all our tomorrows began yesterdayI'll be your man in the mirror
But I'll need your help with the door
I'll be your constant companion
'Cos I've been right where you are before
Sometimes your promises
Made are a shade on the dubious side
& sometimes your actions speak
Louder than words of an off colour kindBut I suppose that one would say
That all our tomorrows began yesterdayI'll be your man in the mirror
But I'll need your help with the door
I'll be your constant companion
'Cos I've been right where you are beforeFalling, spinning, more than willing to call it a day
Twisting, turning, reaching, yearning for someting to sayBut I suppose that one would say
That all our tomorrows began yesterday
I'll be your man in the mirror
But I'll need your help with the door
I'll be your constant companion
'Cos I've been right where you are beforeI'll be...
