Body

Dreezy

Yo body on my body baby
I'm about to catch a body in here baby
I love the way you grind on me
Said I'm about to catch a body in here baby
It's going down
I'm about to catch a body
Oh yeah oh yeah, don't stop it now
I'm about to catch a bodyKeep it a hunnid boy I know that you want it
Another round won't remember in the morning
Got on your shirt, put in that work
Until you clock out
Mike Tyson boy you know I got that knock out
Take a dive inside this liquor
Got me pulling on your zipper
He wanna hit a lick, I got my legs up like a stick up
I woke up in my glory
Keep a K with me like Kourtney
Since a shorty I been popping like a forty
End of story babyYo body on my body baby
I'm about to catch a body in here baby
I love the way you grind on me
Said I'm about to catch a body in here baby
It's going down
I'm about to catch a body
Oh yeah oh yeah, don't stop it now
I'm about to catch a bodyYou work that thang like a nine to five
Clock in to work and put in over time
I pull up on you with that thang through your back
And beat it up like ra-ta-ta-ta-tat (Lock and load it)
Got a Uzi on your booty know you popping
Clip after clip ain't got no problem with me watching
Come on outside
We got all night
Pull that tick tocking
Smith & Wesson bout to teach yo ass a lesson
Start undressingAin't going home baby we could go all night yeah
Drop all yo hoes let me show you I'mma rider
Make the neighbors call the cops
Still ain't finna stop

I see these bitches tryna block
Take another shot
Bang bang you look good boy
You could be my main thing
Rich sex I saw your chain slang, I'm on the same thing
Might give in if you don't let up
I'm just tryna fuck your bed up
Talking shit gon' get you hit
Boy don't get wet up, it's a set up

I'm about to catch a body in here baby
I love the way you grind on me
