Real Love

Ryan Shaw

It's like rain in the desert
It's like finding a treasure
Like stumbling in the dark
And someone shines a light
Never seen such a beautiful sight
And when you find it, nothing takes you higherThere's nothing like a real love
You gotta gotta have it
You gotta gotta handle it
And baby when you feel loved
Oh, you never never never let it goYou got friends in your pocket
And there's money to spare
But when all the money's gone
No one is there
So take a look, look deep down inside
'Cause when you find it, nothing takes you higherThere's nothing like a real love
You gotta gotta have it
You gotta gotta handle it
And baby when you feel loved
Oh, never never never let it goIt's like rain in the desert
Like finding a treasure
After searching aww
Searching in vain
But when you find it
Nothing takes you higherNothing like a real love
I got to have it
I gotta gotta have it
And baby when you feel loved ooohhhh
We all need it
We need we need itThere's nothing like it
Yes Yeah Yeah
Aww baby
Gotta (x7) have it girl
Real love, A real love, real love, A real love
Oooohhhh We need it, we need it
Need need it yeah, Need it yeah, Need it yeah
Yeah yeah
