

Shimmy A Go Go

Short Stack

Yeah, ooh, ooh,
ooh, ooh,
Oh, Can I catch your eye tonight?
(So beside myself tonight, So beside myself tonight)
We could live forever,
One line at a time,
So lets sway,
Step one is your heart,
Rip it up for another,
(SO beside myself tonight, So beside myself tonight)
Tie it to sincerity,
Yeah, this is a soundtrack for lovers,
So baby come on,
Get down,
Why now,
So right,
And watch,
Me drown,
The moment,
Right,
Your finger is on the trigger so say goodbye,
Goodbye,
Your finger is on the trigger so say good,
A shimmy shimmy go go
We're lovers with such precision,
So say goodbye,
Goodbye,
Your finger is on the trigger so say good,
A shimmy shimmy go go,
No social suicide this time,
(So beside myself tonight, So beside myself tonight)
When I repeat confessions with catastrophe in mind,
And f*** its sublime,
Step one is your heart,

Rip it up for another,
(So beside myself tonight, So beside myself tonight)
Tie it to sincerity,
Yeah, this is a soundtrack for lovers,

So baby come on,
Get down,
Why now,
So right,
And watch,
Me drown,
The moment,
Right,
Your finger is on the trigger so say goodbye,
Goodbye,
Your finger is on the trigger so say good,
A shimmy shimmy go go
We're lovers with such precision,
So say goodbye,
Goodbye,
Your finger is on the trigger so say goodbye tonight,
Yeah!
Oh, Get down,
Why now,
So right,
And watch,
Me drown,
The moment,
Your finger is on the trigger so say goodbye,
Goodbye,
Your finger is on the trigger so say good,
A shimmy shimmy go go
We're lovers with such precision,
So say goodbye,
Goodbye,
Your finger is on the trigger so,
SHIMMY SHIMMY GO GO!
