

Operate, Annihilate

Powerman 5000

I wanna be everybody, I wish that I wasn't me
(I was dropped from out of sight
I always land on my feet)
I was bit by the bug, grew 47 feet tall
(I wasn't who I thought I was
Wasn't anything at all)
I wanna be everybody, I wish that I wasn't me
(I'm the bones of the dead
Superhero-trustee)
Now seven minutes have passed and everybody got blasted
(Operate, annihilate and everything is alright)

Chorus:
Operate, annihilate
Operate, annihilate
What you got, you got too late
Cuz everybody's gone

I wanna be everybody, I wish that I wasn't me
(The point is furthest from a point of view less likely)
You were the king of the moon, now you just lie in the dirt
(Where's the fist of fury now?
Everybody gets hurt)
I wanna be everybody, I wish that I wasn't me
(The real truth is in the head of truth is insanity)
Not seven minutes have passed and everybody got blasted
(Operate, annihilate and everything is alright)

Chorus
