

# Almost

## Bowling for Soup

I almost got drunk at school at 14  
Where I almost made out with the homecoming queen  
Who almost went on to be Miss Texas  
But lost to a slut with much bigger breasts  
I almost dropped out and moved to L.A.  
Where I was almost famous for almost a day And I almost had you  
But I guess that doesn't cut it  
Almost loved you  
I almost wished you woulda loved me too I almost held up a grocery store  
Where I almost did five years and then seven more  
And I almost got popped for a fight with a thug  
Because he almost made off with a bunch of the drugs  
That I almost got hooked on 'cause you ran away  
And I wish I woulda had the nerve to ask you to stay And I almost had you  
But I guess that doesn't cut it  
Almost had you  
And I didn't even know it You kept me guessin'  
And now I'm destined  
To spend my time missin' you  
I almost wish you woulda loved me too Here I go thinkin' 'bout all the things I coulda done  
I'm gonna need a forklift 'cause all the baggage weighs a ton  
(Baggage weighs a ton)  
I know we had our problems, I can't remember one I almost forgot to say something else  
And if I can't fit it in I'll keep it all to myself  
I almost wrote a song about you today  
But I tore it all up and then I threw it away And I almost had you  
But I guess that doesn't cut it  
Almost had you  
And I didn't even know it You kept me guessin'  
And now I'm destined  
To spend my time missin' you And I almost had you  
(Almost had you)  
Almost had you  
I almost wished you woulda loved me too  
(Wished you woulda loved me too)
