

# Skeleton Makes Good

## Captain Beefheart

There's so many things  
To feel and see while you're awake  
They're just out of reach  
Out of grasp  
Yeah out of reach  
And just as many; maybe more  
The minute that you sleep  
So I got to throw my preach  
Skeleton breath  
Scorpion blush  
I have a crush on your skeleton  
Watch out unsuspecting stranger  
You'll fall off the log  
Headfirst into dreams  
End up screaming  
This will comb the wolf  
And that will comb the fog  
What will preen the rain  
What will preen the hog  
Oh you mean earth  
And hell over you  
And laugh at your tire tracks  
If you get up  
Skeleton makes good
