

# Say It

## Rihanna

You should tell me what's buggin' you  
And I'ma tell ya 'bout me  
Make a wish and tell me your deepest thoughts  
And I'ma make it easy  
Make a wish and tell me what's buggin' you  
And I'ma tell ya 'bout me  
Make a wish and tell me your deepest thoughts  
And I'ma make it easy  
Emotions running wild, I could feel it when I'm next to you  
Something's on ya mind  
You wanna stay but won't tell me, it's about ya secrecy  
So what are you tryna hide?  
I know what the look means  
You hold my hand so tightly whenever we say goodbye  
Standing by the door  
I can tell, you can't take no more, blow your secret open wide  
So maybe if you say it  
Tell me what it is you like, baby, baby, don't be shy  
Maybe you can spend the night  
If you say it but if you playin', not wit it  
'Cuz you know what I wanna hear  
Say it, that'll make it more clear  
I need to know how you feel  
So baby, won't you say it, say it?  
Won't, won't you tell me what, what's going on?  
Why, why you waitin' on it, what you waitin' for?  
Soon you should tell me or I might be gone  
But I'm here for you, baby, you should put me on  
I won't shoot you down, make you feel some kinda way  
If you'll be honest with me  
Put away your pride, I can see it in your face  
You want me permanently  
Uh, like how I wine when we dancing  
I know how it happened and I'm right there wit you  
But I won't be the first to pull myself out there  
The feeling is mutual but I bet, if you  
So maybe if you say it  
Tell me what it is you like  
Baby, baby, don't be shy, maybe you can spend the night

If you say it but if you playin', not wit it  
'Cuz you know what I wanna hear  
Say it, that'll make it more clear  
I need to know how you feel  
So baby, won't you say it, say it?  
Your eyes, steady talking, and you're tryna fight it  
But some things, baby, are not worth hiding  
And we can find heaven if we go look together  
So won't, won't you tell me and get it off your chest?  
Your eyes, steady talking, and you're tryna fight it  
But some things, baby, are not worth hiding  
And we can find heaven if we go look together  
So won't, won't you tell me and get it off your chest?  
So maybe if you say it  
Tell me what it is you like  
Baby, baby, don't be shy, maybe you can spend the night  
If you say it but if you playin', not wit it  
'Cuz you know what I wanna hear  
Say it, that'll make it more clear  
I need to know how you feel  
So baby, won't you say it, say it?  
Your eyes, steady talking, and you're tryna fight it  
But some things, baby, are not worth hiding  
And we can find heaven if we go look together  
So won't, won't you tell me and get it off your chest?  
Your eyes, steady talking, and you're tryna fight it  
But some things, baby, are not worth hiding  
And we can find heaven if we go look together  
So won't, won't you tell me and get it off your chest?  
So maybe if you say it  
Tell me what it is you like  
Baby, baby, don't be shy, maybe you can spend the night  
If you say it but if you playin', not wit it  
'Cuz you know what I wanna hear  
Say it, that'll make it more clear  
I need to know how you feel  
So baby, won't you say it, say it?
