

# Buzzards and Dreadful Crows

## Guided by Voices

The lifeblood - the lighthouse flashing

Sixteen chicks remain on watch

For the wheels to come rolling in

And they do...

Yes they always do

I'd be bored and disappointed if they didn't

Buzzards and dreadful crows

Right on the tip of my nose

They wait like cats and fly out

For the light in my eyes to die out

And it does...

Yes it always does

I'd be shocked and removed if it didn't

Buzzards and dreadful crows

A necessary evil, I suppose

There's something in this deal for everyone

Did you really think that you were the only one?

Buzzards and dreadful crows

A necessary evil, I suppose

There's something in this deal for everyone

Did you really think that you were the only one?

You were the only one
