

# Wait for the Blackout

## The Damned

Don't you ask me to come out  
When the sun does shine  
Let us stay here with curtains drawn  
In darkness you'll be mine Let's wait for the blackout  
The light is too bright  
Let's wait for the blackout  
Wait for the night Well welcome to my basement flat  
No windows to see through  
With darkness closing in, my friend  
We both know what to do Let's wait for the blackout  
The light is too bright  
Let's wait for the blackout  
Wait for the night Let's wait for the blackout  
The light is too bright  
Let's wait for the blackout  
Wait for the night Come lay with me upon this earth  
Keep us both alive  
Know everything has lasted here  
We shall more survive Let's wait for the blackout  
The light is too bright  
Let's wait for the blackout  
Wait for the night In darkness there is no sin light only brings in the fear  
Nothing to corrupt the eyes there is no vision here  
At first you may find it strange but do not go away  
The darkness holds a power that you won't find in the day There is no vision here  
There is no vision here
