

Black Flame (Of Satan)

Venom

From blackened flame
Ye shall remain
Ballistic brethren
Dark souls in painDefecate on the teachings
Burn into the dirt
Suffocate all the preachings
Bury them in earthAll hail
Black flame of Satan
All hail
Black flame of Satan
Black flame of SatanFrom frozen fire
Black angels choir
Safety in numbers 666
Worship the liarDefecate on the teachers
Burn into the dirt
Suffocate all the preachers
Bury them in earthAll hail
Black flame of Satan
All hail
Black flame of Satan
Black flame of SatanBy candle light
All hail ye tonight
The master takes a bow
From flame of lifeDefecate on the teachings
Burn into the dirt
Suffocate all the preachings
Bury them in earthAll hail
Black flame of Satan
All hail
Black flame of Satan
Black flame of Satan
