Brown Derby Jump

Cherry Poppin' Daddies

Jump, jump jump jump
Jump, jump jump jumpShe was a woman of mystery
And what she wanted I could not see
A three year trip on the dragon
Until the clinic had to get me cleanWe were a party and always drunk
Before I knew it the wreckage sunk
Shake, trip, shimmy and we'd do the bump
Everybody swingin' to the brown derby jumpJump, jump jump jumpThe beautiful life is always damned
You gotta fall into the quicksand
A deadly kiss from a temptress can serve
To make a truly wayward manShe's not a talker her teeth are fixed
But she's a looker that lives for kicks
A nightmare straight from an otto dix
Everybody swingin' with the brown derby chicksWe do the jump
(Jump)
We do the jump
(Jump)Everybody do the jump
(Jump)
We do the jump
(Jump)
We do the jump
(Jump)I've come a long way and now I'm me
The darkest river that meets the sea
And all those lights on the harbor
Seem to be sparklin' an' bittersweetI'm a survivor my heart is tough
I'm hangin' in there and that's enough
Shake, trip, shimmy and ya do the bump
Everybody swingin' to the brown derby jumpJump, jump jump jumpWe do the jump
(Jump)
We do the jump
(Jump)
We do the jump
(Jump)Everybody do the jump
