Give Out But Don't Give Up

Primal Scream

Give out but don't give up
Give out but don't you give up
Give out but don't give up
Give out but don't you give upGive out but don't give up
Give out but don't you give upWhen I'm feelin' down your love is what pick me up
And what comes around went that way
And when I'm not feeling up to part
You come along and there you areGiving me the strength
Giving it all I have to give
Giving me the strengthGive out but don't give up
Give out but don't you give upJust one kiss
I get the strength to carry on
Your smile makes it all worthwhileJust one kiss
I get the strength to carry on
When I'm feeling down
Your love is what pick me up
And what comes around went that wayGive out but don't give up
Give out but don't you give up
Give out but don't give up
Give out but don't you give upGive out but don't give up
Give out but don't you give upNo, no, no, no, hey, hey
Oh, no, no, no, hey, hey
No, no, no, no, hey, hey
Oh, no, no, no, hey, heyGive out but don't you give up
Give out but don't you give upJust one kiss
(Give out but don't you give up)
Well now, you give me this load
And I can't take it
Just one kiss, I get the strength to carry on
(Give out but don't you give up)Your kiss
Give me the strength to carry on
Your smile makes it all worthwhile
(Give out but don't you give up)Your kiss
Give me the strength to carry on
Your smile makes it all
(Give out)
