

Give Out But Don't Give Up

Primal Scream

Give out but don't give up
Give out but don't you give up
Give out but don't give up
Give out but don't you give up Give out but don't give up
Give out but don't you give up When I'm feelin' down your love is what pick me up
And what comes around went that way
And when I'm not feeling up to part
You come along and there you are Giving me the strength
Giving it all I have to give
Giving me the strength Give out but don't give up
Give out but don't you give up Just one kiss
I get the strength to carry on
Your smile makes it all worthwhile Just one kiss
I get the strength to carry on
When I'm feeling down
Your love is what pick me up
And what comes around went that way Give out but don't give up
Give out but don't you give up
Give out but don't give up
Give out but don't you give up Give out but don't give up
Give out but don't you give up No, no, no, no, hey, hey
Oh, no, no, no, hey, hey
No, no, no, no, hey, hey
Oh, no, no, no, hey, hey Give out but don't you give up
Give out but don't you give up Just one kiss
(Give out but don't you give up)
Well now, you give me this load
And I can't take it
Just one kiss, I get the strength to carry on
(Give out but don't you give up) Your kiss
Give me the strength to carry on
Your smile makes it all worthwhile
(Give out but don't you give up) Your kiss
Give me the strength to carry on
Your smile makes it all
(Give out)
