

Baby Got Shot

Verbena

I really don't care
I really don't mind
But my baby, baby
Baby got shot Oh, he's just like the rest
She's just like the rest
My baby, my baby
My baby got shot Oh, when I start to sing?
You make me sick to stay?
Guess it's what you get
It's so bad, bad And you're getting kissed
Tell it to your mother
Guess it's what you get
It's so bad, bad Oh, don't you ever wish
For a kick that's long?
A kick that's long? Don't you ever wish?
Grow a pair of wings
A pretty pair of wings
My baby, my baby, my baby got shot Oh, when I start to sing?
Make me sick to stay?
Guess, it's what you get
It's so bad, bad And you're getting kissed
Tell it to your mother
Guess it's what you get
It's so bad, bad Oh, don't you ever wish?
Don't you ever wish?
Don't you ever wish
For a pretty pair of wings? Don't you ever wish?
Don't you ever wish?
Don't you ever wish
For a pretty pair of wings? Hey, hey, hey, hey
Hey, hey, hey, hey
Hey, hey, hey, hey
Hey, hey, hey, hey My baby, my baby, my baby got shot
My baby, my baby, my baby got shot
My baby, my baby, my baby got shot
My baby, my baby, my baby got shot, oh no
