

Nirvana

Victims Family

We're just sitting here for the new messiah.
We're just sitting here waiting to achieve Nirvana.
We wanna make a Buddha appear, an Allah apparition right here.
We can't see God and we wanna know why.
We're gonna pull God down from the sky.
Born-again Christ waiting for the second coming of Christ.
Watch cable TV both day and night.
What keeps you tuned in? Is it your guilty remorse for your sins?
Stop waiting around and make shit happen.
We're just sittin' here waiting for the new massiah.
We're just sitting here waiting to achieve Nirvana.
Well I woke up this morning.
