

All the Way (feat. Alex Isley)

Kenyon Dixon

[Verse 1] -Kenyon Dixon

what a mess we've made

last night

still smell the love in air

and you still got that look in you eyes that look when you said to me

what ever you do don't you stop

you said grab hold of me

and give me everything you've got [Chorus]

so i went all the way

inside, girl i

i went all the way

inside, girl if you like we can do it again, 5x girl i went all the way

(Alex)

boy lets do it again, do it again hey [Verse 2]

Watched you lay in bed

with nothing say

still stuck the moment

of the beautiful love we made Then you laid your head on my chest

and you said to me

(Alex): you did my body, like i

(Kenyon): can't believe

did you said

(Alex): don't you stop no

(Kenyon): just give me everything you got [Chorus]

so i went all the way

inside, girl i

i went all the way

inside, girl if you like we can do it again, 5x girl i went all the way

(Alex)

boy lets do it again, do it again hey [Break Down] - Alex Isley: Take me to the moon

I wanna be with the stars

send me, send me

into orbit 2x [Chorus]

so i went all the way

inside, girl i

i went all the way

inside, girl if you like we can do it again, 5x girl i went all the way

(Alex)

boy lets do it again, do it again hey
