

Be

Jessica Simpson

Lately, I find I'm caught up in these thoughts
How will you come to me?
How will we connect these hearts?
Are you somewhere near, hidden like a four-leaf clover?
Are you miles away?
Are we getting any closer?[Chorus]
I already see us moving mountains
I already see us walk in water
I already see the clouds we're flying over and under
I can really see us having babies
Walking through the park and being lazy
I already see myself falling in love eternally
And I think that's just the way it's gonna be
Being with you is like a scene from a dream in heaven
Will you taste like rain
Can I breathe you like air
Will I lose myself in your arms somewhere[Chorus]
And I know, and I know, and I know
Love can move a mountain
And I know, and I know
It's gonna be even better than I imagine
Putting all my trust in you
Putting all my trust in you
We will make our dreams come true[Chorus]
