

# Don't Come Too Soon

Julia Lee

Come and see me baby,  
Please don't come too soon.  
Come and see me baby,  
But please don't come to soon.  
We've got a date at 8,  
And it's only afternoon.

The way you rush me,  
It ain't right,  
I know you just can't wait for tonight.  
Remember love's like a mash pototae,  
When you eat it up now you won't have it later.

Come on over,  
but please don't come to soon.

Impatient daddy, I know how much you care,  
Impatient daddy, I know how much you care.  
So papa just take time 'cause there's lots of it to spare.

You got about 5 or 6 hours ta kill,  
By runnin' up and down that same old hill.  
You know try wraslin'  
Ya get too many falls,  
Get a grip on your back, And smack a few balls.

Come on over,  
but please don't come to soon.

(Piano Instrumental)

You gotta let your sweet meat  
Cook a long, long time.  
You gotta let your sweet meat  
Cook a long, long time.  
You gotta let it cook,  
If you want it to taste real fine.

You going too fast,  
You better take care.

You might have a flat,  
And you ainâ€™t got no spare.  
Save all your lovinâ€™  
Conserve all your power.  
If that doesnâ€™t work,  
Then take a cold shower.

Come on over,  
but please donâ€™t come to soon.

So, come on over,  
but please donâ€™t come to soon.
