Get Lost

Breakbot

In the night, when you can hardly see
Let your skin turn into ice
From the top, walking ahead of me
Chasing my reflectionAll we need, is that one spot
To come and set us free
Relight the fire in our lives
Leave your mind and run away with me
I'll give you directionSo come get lost, in the moment
Fly away until we reach cloud nine
Get lost, in the moment
Make this day, last till the end of time
Lost, in the moment
Take flight, until we reach cloud nine
Get lost, in the moment
Make this night last till the end of, end of time
We get caught chasing the memory
Thinking we can press rewind
Looking back is not a remedy
Not like looking for some actionI must be dreaming
But your real thoughts
Wind up back home to me
I'll put my future on the line
Got a knack for changing destiny
I'll give you satisfactionSo let's get lost, in the moment
Fly away until we reach cloud nine
Get lost, in the moment
Make this day, last till the end of time
Lost, in the moment
Take flight, until we reach cloud nine
Get lost, in the moment
Make this night last till the end of, end of time
In the park playing kiss and tell
Inventing tales of touching you
I really need you, it never felt so swell
This I can rememberGoing through the motions
The games we played
The stories that we said
They haven't changed
That much is true

What we have done
Will pave the way to hell
Let us burn togetherAs we get lost, in the moment
Fly away until we reach cloud nine
Get lost, in the moment
Make this day, last till the end of time
Lost, in the moment
Take flight, until we reach cloud nine
Get lost, in the moment
Make this night, last till the end of, end of time
