Will You?

Western Special

Will you hold me my baby, will you kiss me?
It's time to show me how much you can love me.
Will you hold me my baby, will you hurry?
Please don't wait, you drive me crazy.I spend my time dreaming that I'm in you arms,
I'd like to look deeply into your eyes,
And I won't stop hoping 'cause it's only my way.Tell me if I'm dreaming, am I wasting my time?
What a mess my darling, make up your mind,
Don't you know things can't be allowed to stay that way.Will you hold me my baby, will you kiss me?
It's time to show me how much you can love me.
Will you hold me my baby, will you hurry?
Please don't wait, you drive me crazy.I spend my time dreaming that I'm in you arms,
I'd like to look deeply into your eyes,
And I won't stop hoping 'cause it's only my way.Tell me if I'm dreaming, am I wasting my time?
What a mess my darling, make up your mind,
Don't you know things can't be allowed to stay that way.Tell me if I'm dreaming, am I wasting my time?
What a mess my darling, make up your mind,
Don't you know things can't be allowed to stay that...Hold me my baby, kiss me.
It's time to show me how much you can love me.
Will you hold me my baby, will you hurry?
Please don't wait, you drive me crazy.
