

Pretty Peggy

Wolfmother

I will stand here
In the pouring rain
Just to see your face again
Pretty Peggy
I used to know
Where have you gone, where did you go?

Take my hand
Give me a chance
Can I have you just for one dance?
They say I am
But a foolish man
Can I be your fool and take your hand?

We will stand tall
We will never fall
Pretty Peggy
We could have it all

Ooooooh
Ooooooh

Roses are red
Violets are blue
I will take them all and
Give them to you

I will stand here
In the pouring rain
Just to see your face again

Take my hand
Give me a chance
Can I have you just for one dance?
They say I am
But a foolish man
Can I be your fool and take your hand?

We will stand tall
We will never fall

Pretty Peggy
We could have it all

We will live there
Without no care
Pretty Peggy
Can I take you there?

Ooooooh
Ooooooh

Ooooooh
Ooooooh
Pretty Peggy
Was her name
Where have you gone?
Do you feel the same?
Do you feel the same?
Do you feel the same?
We will stand tall
We will never fall
Pretty Peggy
Do you feel the same?
We will live there
Without no care
Pretty Peggy
