

# We Can Do What We Want To

## The Blank Tapes

I can see  
So don't ever look that way  
I can hear it  
So don't let me hear you say  
We can be it  
So why don't you follow through  
We can do what we want to

I believe it  
It can happen to anyone  
I can feel it  
Shining just like the sun  
Ain't no problem  
So why does it worry you

We can do what we want to  
And we'll do it on time

I can see  
So don't ever look that way  
I can hear it  
So don't let me hear you say  
We can be it  
So why don't you follow through  
We can do what we want to

I believe it  
It can happen to anyone  
I can feel it  
Shining just like the sun  
Ain't no problem  
So why does it worry you

We can do what we want to  
And we'll do it on time  
do it on time  
do it on time  
do it on time  
do it on time  
do it on time

do it on time  
do it on time  
do it on time  
yeah we'll do it on time  
do it on time  
yeah we'll do it on time  
do it on time  
oh, we'll do it on time  
oh we'll do it on time
