Been goin' out so long that I'll show
I'll go and answer all that I know
Been out so much that I'm late
It's turning out it's all that I hateSay, sayBeen going out so long that I caved
From throwing out the bait that I saved
I swallowed up the young that I stole
I've mellowed out so I'm sure that I'll holdSo hold, so holdSo, baby, come back to me
And we'll sleep
I'll admit the things you want me to
I won't fuck the girls I wanted toSay, sayBeen goin' out so long that I stay
Been shrugging off the loins that I hate
Our loving eyes don't know what a fool
Sweet loving eyes don't know what a foolSo fool, foolSo, baby, come back to me
And we'll sleep
I'll admit the things you want me to
I won't fuck the girls I wanted toSo, baby, come back to me
And we'll sleep
I'll admit the things you want me to
I won't fuck the girls I wanted toSay, say
What I will say?And so, baby, even if you long to
Lately it's all that I can't doWell, I'm goin' [Incomprehensible]
[Incomprehensible]Baby, come back to me
And we'll sleep
I'll admit the things you want me to
I won't fuck the girls I wanted toAnd, baby, come back to me
And we'll sleep
I'll admit the things you want me to
I won't fuck the girls I wanted toSay
