

# Party Poison

## My Chemical Romance

Everybody pay attention to me  
I got the answer, I got the answer  
Street walking cheetah with a capitol G  
So get your hands up, now get your hands up  
Hide your eyes, we're gonna shine tonight  
Sub-atomic never get the best of me  
Ain't a DJ gonna save my soul?  
I sold it long ago for rock 'n roll  
Drop the needle when the tape deck blows  
I gotta shout this out so everybody knows  
This ain't a party  
Get off the dance floor  
You want the get down  
Here comes the gang war  
You're doing alright  
I got the answer  
'Cause all the good times  
They give you cancer  
If we were all like you in the end  
Oh, we'd be killing ourselves by sleeping in  
So hit the lights I'll do it again  
And keep your cars and your dogs  
And your famous friends, well alright  
Slide up the faders when the cabinet slams  
And get your hands up, now get your hands up  
Light up the stage and watch me kick out the jams  
So throw your fist up, now throw your fist up  
Ain't nobody gonna take my life  
Ain't nobody gonna get the best of me  
Ain't a preacher gonna save me now  
Grab a seat, I'm gonna show you how  
Everybody hit the pyro cue  
We're gonna blow this off and show you what we do  
This ain't a party  
Get off the dance floor  
You want the get down  
Here comes the gang war  
You're doing alright  
I got the answer  
'Cause all the good times  
They give you cancer  
If we were all like you in the end  
Well, we'd be killing ourselves by sleeping in  
So hit the lights I'll do it again  
So keep your cars and your dogs  
And your famous friends, well alright  
Well alright, well alright  
Alright  
We came to party, kill the party tonight

We came to party, kill the party tonight  
Let's go This ain't a party  
Get off the dance floor  
You want the get down  
Here comes the gang war You're doing alright  
I got the answer  
'Cause all the good times  
Gimme, gimme good times people tonight This ain't a party  
Get off the dance floor  
You wanna get down  
Here comes the encore If we were all like you in the end  
Oh, we'd be killing ourselves by sleeping in  
So hit the lights I'll do it again So everybody get down  
Till the party breaks down  
Now everybody get down  
Now everybody get down  
'Til the party breaks down tonight
