Collapsed

Mass Genocide Process

You were the one
That I couldn't find
Hidden away
In the ups of my mind
Why did I let you go? You're to good to be true
I messed it up and now I don't know what to do
We ran in circles and wasted time
From right to wrong, from right to wrong
If I knew that you were mine
I wouldn't have wasted time
I wish I could erase the past
Now it's all collapsed in my lap
I over thought
So I locked up my heart, yeah
There you stood
Your blue eyes hidden underneath your hurt
Why did I let you go? You're to good to be true
I messed it up and now I don't know what to do
We ran in circles and wasted time
From right to wrong, from right to wrong
If I knew that you were mine
I wouldn't have wasted time
I wish I could erase the past
Now it's all collapsed in my lap
My mind is blank just like a deep sleep
With a meeting with a guy with the same blue eyes
And the same name with a colored shoe
I can't believe they have the same hat with my old mate
Then I will make another mistake
And think that he's just another fake
Wish I could erase the past
Wish I could bring you back
If I knew that you were mine
I wouldn't have wasted time
I wish I could erase the past
Now it's all collapsed in my lap
If I knew that you were mine
I wouldn't have wasted time
I wish I could erase the past

Now it's all collapsed in my lap
