

# On The Run

## Kelly Osbourne

Don't look for me 'cos I won't be found  
Don't blame yourself when I turn you down  
Whatever you do don't believe that it's about you  
My head's on the run and it's running for [Incomprehensible]  
I've only begun and I'll never be done  
On my own's where I know  
And nobody can hold  
Me down when we come  
'Cos my head's on the run  
And what you think, doesn't matter much  
I do my thing and you're not that tough  
Whatever you do, don't believe I'm changing for you  
My head's on the run and it's running for [Incomprehensible]  
I've only begun and I'll never be done  
On my own's where I know  
And nobody can hold  
Me down when we come  
'Cos my head's on the run  
Head's on the run  
My head's on the run  
My head's on the run and it's running for [Incomprehensible]  
I've only begun and I'll never be done  
On my own's where I know  
And nobody can hold  
Me down when we come  
'Cos my head's on the run  
Head's on the run  
My head's on the run
