

# Even If (album version)

## The Corrs

For what it's worth I think there's  
Nobody like you  
You've got grace got a heart beating and despite  
Your fun  
As I grew up I was terrified of darkness  
Now you're around I've no reason  
To be frightened'Cause even if the sun came tumbling down  
You light the ground I walk on  
Even if the moon fell out the sky  
You light the ground I walk on Now that you're mine I can't  
Picture life without you  
You're my friend,  
You're my lover want to bite you'Cause even if the sun came tumbling down  
You light the ground I walk on  
Even if the moon fell out the sky  
You light the ground I walk on The world goes on spinning and I can't retrace  
My heady footsteps to this place  
I'm in heaven right now  
And I don't want to come down'Cause even if the sun came tumbling down  
You light the ground I walk on  
Even if the moon fell out the sky  
You light the ground I walk on Now we're alone gonna show  
How much I need you  
Kiss you so won't ever want to leave me'Cause even if the sun came tumbling down  
You light the ground I walk on  
Even if the moon fell out the sky  
You light the ground I walk on'Cause even if the sun came tumbling down  
You light the ground I walk on  
Even if the moon fell out the sky  
You light the ground I walk on
