Go The Distance

Lucas Grabeel

I have often dreamed of a far off place
Where a hero's welcome would be waiting for me
Where the crowds will cheer when they see my face
And a voice keeps saying this is where I'm meant to beI'll be there someday, I can go the distance
I will find my way if I can be strong
I know every mile will be worth my while
When I go the distance I'll be right where I belongDown an unknown road to embrace my fate
Though the road may wander, it will lead me to you
And a thousand years would be worth the wait
It may take a lifetime but somehow I'll see it throughAnd I won't look back, I can go the distance
And I'll stay on track, no, I won't accept defeat
It's an uphill slope but I won't lose hope
Till I go the distance and my journey is completeBut to look beyond the glory
Is the hardest part
For a hero's strength
Is measured by his heartLike a shooting star I can go the distance
I will search the world, I will face its harms
I don't care how far I can go the distance
Till I find my hero's welcome waiting in your armsI will search the world
I will face its harms
Till I find my hero's welcome
Waiting in your arms
