Work Of Art

Mutemath

Everyday is like a blank canvas
You know you can paint it anyway you want it
You can draw black clouds, you can make the sun shine
Color in a rainbow, or use black and white
Open up your eyes and your imagination
Come on let's write a song, a little poetry
Take a photograph, let's make some memories
You can make it anything that you want it to be
If you follow your heart, life is a work of art
Every night's like looking at a dark screen
You're never too young or too old to dream
You can make your fantasy into a reality
Cause you're creating your own masterpiece
Close your eyes and dream it, seeing is believing
Come on let's write a song, a little poetry
Take a photograph, let's make some memories
You can make it anything that you want it to be
If you follow your heart, life is a work of art
Let's write a song, a little poetry
Take a photograph, let's make some memories
You can make it anything that you want it to be
If you follow your heart, life is a work of art
Trying to simplify into philosophy
Turn the star into a galaxy
Make a little noise into a symphony
You're creating a masterpiece
Come on let's write a song, a little poetry
Take a photograph, let's make some memories
You can make it anything that you want it to be
If you follow your heart, life is a work of art
Come on let's write a song, a little poetry
Take a photograph, let's make some memories
You can make it anything that you want it to be
If you follow your heart, life is a work of art
Come on let's write a song, a little poetry
Take a photograph, let's make some memories
You can make it anything that you want it to be
If you follow your heart, life is a work of art
Life is a work of art

Life is a work of art
Life is a work of art
Life is a work of art
