Dandelion

Tevin Campbell

Do you recall the time you captured this heart of mine?
Lying in a field full of dandelions
You are my life, you're my sunshine
A beautiful flower, wild but yet divine, so hard to find
I'm glad I picked my lovely dandelion
While I was lying in the autumn breeze
I felt a brush against my skin
So elegantly free, so delicate was she
And something deep within was calling out to me
Where have you been? I've waited patiently
I never thought you'd find your way
Her voice so heavenly, dear God I can't believe
An angel sent to me don't ever go away
Do you recall the time you captured this heart of mine?
Lying in a field full of dandelions
You are my life, you're my sunshine
A beautiful flower, wild but yet divine, so hard to find
I'm glad I picked my lovely dandelion
I plucked a petal just to taste and see
Ohh how sweet your love could really be
Then all the honey bees would surely envy me
Don't let this fantasy become a memory
I'll be the rain that falls upon you
Let me be your morning dew
I'll be the breeze embracing you
I'll be the sun that shines so brightly on the darker side of you
Throughout the night I'll be your guiding light
The star that's watching you
Do you recall the time you captured this heart of mine?
Lying in a field full of dandelions
You are my life, you're my sunshine
A beautiful flower, wild but yet divine, so hard to find
I'm glad I picked my lovely dandelion
Do you recall the time you captured this heart of mine?
Lying in a field full of dandelions
You are my life, you're my sunshine
A beautiful flower, wild but yet divine, so hard to find
I'm glad I picked my lovely dandelion
Lovely, lovely is she heaven sent

Beauty far beyond what any eye can see
And now my life is so complete
And I believe you're the air I breathe
The song I sing, my everything
Do you recall the time you captured this heart of mine?
Lying in a field full of dandelions
I'm glad I picked my lovely dandelion
Do you recall the time you captured this heart of mine?
Lying in a field full of dandelions
You are my life, you're my sunshine
A beautiful flower, wild but yet divine, so hard to find
I'm glad I picked my lovely dandelion
Do you remember you took my heart?
And do you remember took my soul away from me?
And I love you baby, love you for it baby
And I love you
I'm glad I picked my lovely dandelion
Do you recall the time you captured this heart of mine?
