Toro Y Moi

Turn those fans away from me
They only dry my eyes out
Ever since I was born I couldn't see
Ever since I could see I couldn't find
Why you close your lips so tight
When I try to kiss you off goodbye
Ohh Ohh
I never wanted to be never understanding
Learning comprehension leaving everyone

Wondering where you went
Doesn't matter does it not?
Doesn't matter does it not?
Doesn't matter does it not?
Doesn't matter does it not?
Doesn't matter does it not?
Doesn't matter does it not?
Doesn't matter does it not?
Doesn't matter does it not?
Doesn't matter does it not?
Doesn't matter does it not?
Doesn't matter does it not?
Doesn't matter does it?
