

Amy

We Shot the Moon

Amy, would you be there for me?
If I told you all my secrets
Would you care or be scared?
And Amy would you believe in me?
All the complications that I bring?
The complication of you and me? Break the spell cast on me that I fell through
Smile for me, it's your smile that I run to
The hardest thing to admit, that I love you
Sweet Amy dont let fear take me from you We'll find a way, we'll find a way Amy, please dont cry yourself to
sleep
Remember when I kissed you
By the stairwell where we hid
And Amy, please just laugh for me
All the distance in between us
Dont let distance now defeat us Break the spell cast on me that I fell through
Smile for me, it's your smile that I run to
The hardest thing to admit, that I love you
Sweet Amy dont let fear take me from you I can hardly wait, I can hardly wait
The futures right here
Making no mistake, making no mistake
I cant let go, no I can hardly wait, I can hardly wait
Making no mistake, making no mistake Need you to break the spell
Please will you break the spell?
Won't you break the spell?
God will you break the spell?
