

My Baby Understands

Donna Summer

Whenever my baby loves me
whenever my baby needs me
and he often does
Well I'm attracted by desire ooh
cause he's the master of the fire
and he teases just to tease me
and he pleases just to please me
My baby understands
my baby understands
my baby understands
my baby understands
Whenever my baby loves me
love me like he should
whenever my baby leaves me
leaves me feeling good
he loves me
needs me
wants me
oh yes my baby does
Whenever my baby leaves me
whenever my baby goes away for a while
like he does
No I never need to worry ooh
cause my baby loves me only
Well I'm capture by desire
cause he's the master of the fire
my baby understands
my baby understands
my baby understands
Yes my baby understands, yeah
baby oh baby
baby oh baby...
