

Minor It Down

True Widow

And I wanted to go down
With the saints
But All I do is crime
And I rarely come back to
Out ahead but still I keep trying Now I'm sitting here alone
With nothing going on And somebody told me
To go out on a limb
But I'm too scared
And I wanted to stay on
And rewrite the end
But I'm too upset
Now I'm sitting here alone
I've got no way to seal the day
And I wanted to go home
Good god is this necessary
