

Russian Girl

[Liz Phair](#)

I've been frozen, now it's so hot I can barely see
I've been cutting them down so they can't make fun of me, yeah
Been a Russian girl, I've been a Russian girl
I've been a Russian girl, I've been a Russian girl
Young child sitting all alone
Hot child, she wants to take you home
I've been a Russian girl, I've been a Russian girl
I've been a Russian girl, I've been a Russian girl
I've been a Russian girl, I've been rushin' you
I've been rushin' you
I've been a Russian girl, I've been a Russian girl
I've been a Russian girl, I've been rushin' you
Been a Russian girl, I've been a Russian girl
I've been a Russian girl, I've been rushin' you
I've been a Russian girl, I've been rushin' you
I've been a Russian girl, I've been a Russian girl
I've been a Russian girl, I've been rushin' you
Russian girl, I've been a Russian girl
I've been a Russian girl, I've been rushin' you
Been a Russian girl, I've been a Russian girl
I've been a Russian girl, I've been rushin' you
I've been rushin' you
I've been a Russian girl, I've been a Russian girl
I've been a Russian girl, I've been rushin' you
