Dive

dc Talk

You wanna take a dive?
Ah ah ah ah ah ah ah
Watch out
It's quite all right through the nightI saw it all from my bubble on the 15th floor
I was so unaware as I sank into my leather chair
Upon my throne I was known as untouchable
The smoke was creeping in, my castle walls were wearing thinIt took a fire to inspire me to make my move
Cigarette in a garbage can
Changed the ways of this corporate man
It was time for a radical planI took a dive
I took a love, plunge into your arms
I took a dive
I took a love, plunge into your armsI took a dive
I jumped in with all my heart
I took a diveFollow me through the door to the great unknown
Something was telling me that this would shape my destiny
Take my hand, understand, you are not alone
Shame on me if I oppose the stirring of the Holy GhostHeard a voice calling out to me
(Out to me
I come to set your spirit free
(Spirit free)
And in me you are free indeedI took a dive
I took a love, plunge into your arms
I took a dive
I took a love, plunge into your armsI took a dive
I jumped in with all my heart
I took a dive(Ah ah ah ah, ah, ah, ah)
Won't you come and take a dive with me?
(Ah, ah, ah, ah, ahh)
Won't you come and take a dive with me?
(Ah, ah, ah, ah, ahh)
Jump in with all your heart and take a diveI'm breathing under water
(I'm breathin' under)
I'm sinking like a submarine
(A submarine)
Your ocean's so much deeper
(I'm goin' deeper)
Than anything I've ever dreamedI took a dive
I took a love, plunge into your arms

I took a dive
I took a love, plunge into your armsI took a dive
I jumped in with all my heart
I took a dive(Ah, ah, ah, ah, ah, ah, ah)
(Jump, jump)
Won't you come and take a dive with me?
(Ah, ah, ah, ah, ah, ah, ah)
(Jump, jump)
Won't you come and take a dive with me?(Ah, ah, ah, ah, ah, ah, ah)
(Jump, jump)
Won't you come and take a dive with me?
(Ah, ah, ah, ah, ah, ah, ah)
(Jump, jump, jump, jump)
Won't you come and take a dive with me?
(Ah, ah, ah, ah, ah, ah, ah)
