

# All I Need

Natasha Bedingfield

Hey, hey, hey  
Hey, hey, hey  
I'm a dreamer, I'm a gypsy  
I'm a river passing by  
Got to run to keep up with me  
I'm a sailor in the sky  
And if I keep my heart open  
If I wear it on my sleeve  
No matter what life's throwing  
Nothing's ever gonna get to me  
Hey, hey, hey  
All I need is what I got  
My soul is free and I've got more than enough  
I believe in love and I'll never stop  
That's why all I need is what I got  
Let it roll, roll, roll right off my back  
Let it flow, flow, flow, that's where I'm at  
Let it roll, roll, roll right off my back  
Let it flow, flow, flow, that's where I'm at  
I'm working up to something  
So don't drag me down with you  
We're all looking for that one thing  
That's gonna pull us through  
And I'll keep my heart open  
Even if it starts to bleed  
And all the daggers that you're throwing  
Are going to bounce right off of me  
Hey, hey, hey  
Because when I arrive I, I bring the fire  
  
Make you come alive, I can take you higher  
What is this, forgot, I must now remind you  
Let it rock, let it rock, let it rock  
Let it roll, roll, roll right off my back  
Let it rock, let it rock, let it rock  
Let it roll, roll, roll right off my back  
Let it rock, let it rock, let it rock  
And I release, and I set free  
Giving fear it's amnesty

And I give in, and I let out  
Overthrowing any doubt  
This is my sanctuary, yeah  
All I need is what I got  
My soul is free and I've got more than enough  
I believe in love and I'll never stop  
That's why all I need is what I got  
All I need is what I got  
(Because when I arrive I, I bring the fire)  
My soul is free and I've got more than enough  
(Make you come alive, I can take you higher)  
I believe in love and I'll never stop  
(What is this, forgot, I must now remind you)  
That's why all I need is what I got  
(Let it rock, let it rock, let it rock)  
Let it roll, roll, roll right off my back  
Let it rock, let it rock, let it rock  
Let it roll, roll, roll right off my back  
Let it rock, let it rock, let it rock  
That's where I'm at
