

# Thanks to You (feat. Sam Dew)

## Clams Casino

I'm twitching, glitching my muscles I'm itching  
And you don't see none of this, you don't see none of this  
Eyes shut, I guess I should have taken my time  
Never seen anything like it, think you've lost my mind Now I think I've forgotten my name, thanks to you  
Now I think I have gone insane, thanks to you  
Now I think I've forgotten my name, thanks to you  
Now I think I have gone insane, thanks to you I'm turning, something inside me is burning  
Now what will become of this? What will become of this?  
I guess I should've taken my time  
Never seen anything like it, think you've lost my mind Now I think I've forgotten my name, thanks to you  
Now I think I have gone insane, thanks to you  
Now I think I've forgotten my name, thanks to you (I-I-I-I)  
Now I think I have gone insane, thanks to you (I-I-I-I)  
I-I-I-I  
I-I-I-I  
Now I think I have gone insane
