Missin' You

Rappresaglia

Yo, I know we too young to be feelin' like this
We was meant for each other
For real though
Now you cryin' n weezin', it's okay
You need to wash away them tears, 'cuz your heart is safe
When you not okay, just tell me baby
'Cuz I'll fix it in a minute just for you my lady
Shawty just listen, pay attention
When I'm on the road, girl it's you that I'm missin'
Place to place from state to state
I ain't Chingy, but I'm just one call away
And you know that I'm yours each and everyday
And it don't matter what the haters say
But now you askin' me these question 'n things
I think it's time for a change
Let's just move onto bigger and better things
So, don't be insecure, when you need me I'm gonna be right there
See I ain't gone Kanye West you
'Cuz if it all falls down I'm gonna be right with you
I don't need nothin' but you girl
I don't want nothin' but you boy
I don't need nothin' but you girl
I don't want nothin' but you boy
I don't need nothin' but you girl
I don't want nothin' but you boy
I don't need nothin' but you girl
I don't want nothin' but you boy
I know you think I probably got it all
Plenty money plenty fame and I'm nice with the basketball
But without a special girl in my life it's hard
'Cuz love is more important than jewelry and fancy cars
For you shawty, I trade it all
Just to make you smile mami, we could spend some time in the mall
If you want it girl then you can grab it, girl I ain't trippin'
Whatever you need baby, it ain't no limit
Get it? So you should roll with this dude
'Cuz you know I'm the one for you
Stay fresh to death, from my head to my shoes
Got everything I need shawty, all I'm missin' is you

You know the truth, if I had my way I would spend everyday around you

If there's a problem you just holla, girl you know I got you
It make me sad when I gotta go on the road without you
I want you I need you, girl what else can I say about you
I don't need nothin' but you girl
I don't want nothin' but you boy
I don't need nothin' but you girl
I don't want nothin' but you boy
I don't need nothin' but you girl
I don't want nothin' but you boy
I don't need nothin' but you girl
I don't want nothin' but you boy
I think about all the experiences that we had
And realize the good times outweigh the bad
People wish that they could find some thin' like we have
I couldn't wait to introduce you to my mom and dad
You keep me focused and away from all those playa hatas
When I'm down you pick me up, like an elevator
If ever we were apart, I don't think I could make it
You gave me your heart, I promise you I never break it
So won't you stick around for a while?
I keep you laughin' 'cuz you know I like to see you smile
To get to where you are, you know I run a hundred miles
I love your personality, not to mention your style
Uh, so I just wanna know what it's gonna be?
Baby girl you wanna roll with me?
I pick you up from school, in a new black Bentley GT
And we can ride, till they run outta streets, yeah c'mon
I don't need nothin' but you girl
I don't want nothin' but you boy
I don't need nothin' but you girl
I don't want nothin' but you boy
I don't need nothin' but you girl
I don't want nothin' but you boy
I don't need nothin' but you girl
I don't want nothin' but you boy
I don't want nothin' but you shawty
I gotta say what's up to Mike Diesel for makin' the beat
New no limit, okay
