

# Dust Of Ages

## Eels

This is  
The day that I  
Give myself up coldThe dust of ages  
Settles on your days  
An' so you shake your coat off  
An' get on your wayBloodshot and tremblin'  
A new day has begunThe dust of ages  
Settles on your days  
An' so you blow it all away  
An' get on your way
